Ecosystem

Historical Context

Contents

- 1) [State of HGIS](#)
- 2) [Historical Spatial Data Modelling](#)
- 3) [QGIS Time Editor](#)
- 4) [Applications](#)
- 5) [Outlook: Towards Collaboration](#)

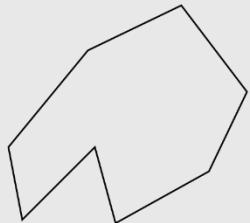

State of HGIS

- High Costs
- Long Term Preservation Issues
- Barriers
 - Institutional / Funding
 - Missing Open Source Solutions
 - Legal / Licensing

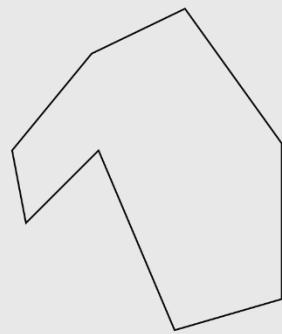

Data Modelling Principles

- Time-slice snapshot
- Lifespan encoded in attributes
- Extension: Least Common Geometries as building blocks (boroughs / parishes)
